Corps/Unit: Houston Northwest Corps

Officer/Director/Branch Manager: Capt's Ian and Brittany Carr

Item/Project Requesting: Proclaim Media

Description of how the item/project will be used: _____

The The Salvation Army Houston Northwest Corps broadcasts weekly worship services to an online audience of more than 200 viewers, extending ministry beyond our physical building to individuals and families both locally and around the world. Our livestream ministry serves those who are homebound, traveling, exploring faith, or unable to attend in person, providing a consistent opportunity to remain connected to worship, teaching, and community life. As churches increasingly recognize the importance of intentional online ministry, maintaining a high-quality and engaging worship presentation is essential to reaching and retaining digital participants.

We are requesting grant support in the amount of \$399.99 to renew our annual subscription to Proclaim worship presentation software. This software enables us to create professional worship slides, scripture presentations, announcements, media integration, and livestream-ready visuals that enhance both in-person and online worship experiences. Renewing this license ensures that our services remain visually polished, organized, and accessible, helping us continue to engage viewers and support meaningful worship participation for those attending remotely.
