Corps/Unit: Houston Northwest Corps

Officer/Director/Branch Manager: Capt's Ian and Brittany Carr

Item/Project Requesting: Podcast Project

Description of how the item/project will be used: _____

The The Salvation Army Houston Northwest Corps currently produces a podcast ministry using borrowed and personally owned equipment assembled from a variety of sources. While this setup has allowed the program to begin and grow, it limits both the quality and long-term sustainability of the ministry. Interest in podcasting and digital content creation has expanded among youth involved in the Red Shield Youth Center and our church youth programs, creating an opportunity to use media production as both a ministry tool and an educational experience. Podcasting provides a meaningful platform for storytelling, faith discussions, testimony sharing, and creative expression while helping youth develop communication and technical skills.

We are seeking grant funding in the amount of \$1,798.98 to purchase dedicated podcasting equipment that will strengthen our existing podcast ministry and create a structured learning environment for youth interested in content creation. Funding would support professional microphones, audio interfaces, cameras, lighting, and recording equipment that allow participants to learn how to record, film, edit, and produce podcasts and digital media. This investment will help us create a reliable, high-quality production space that supports outreach, discipleship, and skill-building while encouraging youth to engage creatively in a positive, faith-centered environment.

Project (Bid Attached):

$$\frac{\$ 1798.98}{\text{(Project Cost)}} + \$ \frac{\boxed{}}{\text{(Installation)}} + \$ \frac{0}{\text{(S\&H Fee)}} = \$ \frac{1798.98}{\text{(Total Cost)}}$$
